Dear Victor,

I just wanted to take a moment and thank you for partnering with us here at Signature Building Maintenance. CalVac has performed many projects over the last few years and has executed all of them with Safety at the forefront of every project. Never once have we experienced an issue with regards to safe practices on the job site. Your crews have always been respectful of our client's environment and have placed safety as a priority not only for themselves but for those that are working around them.

Thank you for your continued partnering with Signature...

Best regards,

Jeff Lloyd
